

Aims and objectives of the Programme:

This programme is designed to develop and nurture students' creative and innovative skills using the best technological tools in building designs.

The focus of this programme is not only to develop them as design students and critical thinker, but to inspire their growth into skilled and intellectual architectural technologists.

The objectives of this programme are:

- To provide exploratory hands-on learning environment that values critical and creative thinking;
- To equip students with the fundamentals of architecture design processes and practices through project work and out of classroom learning sessions;
- To provide insights on different building techniques, material and factors that impact technical design of buildings;
- To use computer modelling tools to present design ideas.

Candidates able to further studies on the following course:

- Bachelor of Interior Design
- Bachelor of Interior Architecture
- Bachelor of Art
- Bachelor of Architecture
- Bachelor of Produce Design/ Industrial Design
- Bachelor of Digital Media/ Graphic design

*subject to CGPA attained.

Testimonial

“Our seniors have set the momentum for the juniors to follow, but ultimately, everyone has their own momentum to follow and challenges to face. My personal journey in the programme has its challenges. However, I managed to overcome them and learned more than I expected. I still remember the ‘eureka’ moments when learning sets in. Truthfully, it has been a satisfying ride of my life.”

Syahin Syahwan bin Haji Suhaili

2018 Graduate - Diploma in Interior Design
Politeknik Brunei 4th Convocation

Programme Information

Level 5 Diploma Equivalence	Higher National Diploma
Duration of Study	3 Years (6 Semesters)
Commencement of 2019/2020 Academic Year	July 2019
Campus Location	School of Science & Engineering, Lumut
No of Modules	27 modules (91 Credit Value)

Programme Structure

No	Module Title
1.	Health, Safety, Security & Environment
2.	Pendidikan Islam
3.	Communication Skills for Engineering 1
4.	Mathematics for Interior Design 1
5.	Introduction to Interior Design
6.	Visual Communication Studies
7.	Communication Skills for Engineering 2
8.	Pengajian Melayu Islam Beraja
9.	Design Studio 2: Residential
10.	Historical and Contextual Studies
11.	Form & Space 1: Furniture Design
12.	Draughting and Detailing
13.	Entrepreneurship
14.	Environmental Psychology
15.	CAD2: Sketchup, 3Ds Max and Lumion
16.	Building Design Technology 1
17.	Design Studio 3: Commercial
18.	Sustainable Design
19.	Form and Space 2: Lighting Design
20.	Building Design Technology 2
21.	Professional Practice and Specification
22.	Brunei Architecture
23.	BIM (Revit Architecture)
24.	Design Studio 4: Institutions
25.	Internship
26.	Interior Design Final Year Project
27.	Enrichment
